umax VPN 2018 permit core root edomax VPN 2018 Root/core access is what all of these rooted VPNs aim to provide. In previous versions of Edomax VPN, you could only get root or core access by buying the full license. As of version 2.4, you can get either by purchasing the 2 year license (\$5) or the 5 year license (\$12). That being said, after 5 years of using Edomax VPN, most users would only need the 2 year license. The main reason for the 2 year license is for the speed. You will be able to gain the fastest connection on the market while still being able to control your identity. Despite being 2 years old, the software version of the Edomax VPN is still using the latest version of OpenVPN. Not only does this help the software be updated with the latest security patches but it also helps it operate at top speed. You are also provided with an advanced firewall that you can use to filter out anything that you do not want to have access to. I want to mention some of the best features of Edomax VPN.
